CHRISTIE'S PRESENT HOUSE OF CARDS, WADDESDON MANOR, BUCKINGHAMSHIRE, ENGLAND, 2012

26 May - 28 October 2012

Waddesdon, in collaboration with Christie's, was the venue for a major outdoor exhibition of contemporary sculpture, including works by the leading artists including Richard Serra, Jeff Koons, Damian Hirst, Donald Juff, Dan Flavin, Urs Fischer and Anish Kapoor.

The exhibition was timed as a sculptural counterpoint to Waddesdon's recent acquisition of Chardin's 'Boy building a House of Cards'.
